

Appendix table 6-48.
Broad and fine fields for publications output data

Broad field		Fine fields	
Clinical medicine	Addictive diseases	General & internal medicine	Pathology
	Allergy	Geriatrics	Pediatrics
	Anesthesiology	Hematology	Pharmacology
	Arthritis & rheumatism	Immunology	Pharmacy
	Cancer	Miscellaneous clinical	Psychiatry
	Cardiovascular system	Nephrology	Radiology & nuclear medicine
	Dentistry	Neurology & neurosurgery	Respiratory system
	Dermatology & venereal disease	Obstetrics & gynecology	Surgery
	Endocrinology	Ophthalmology	Tropical medicine
	Environmental & occupational health	Orthopedics	Urology
	Fertility	Otorhinolaryngology	Veterinary medicine
	Gastroenterology		
Biomedical research	Anatomy & morphology	Embryology	Miscellaneous biomedical research
	Biochemistry & molecular biology	Genetics & heredity	Nutrition & dietetics
	Biomedical engineering	General biomedical research	Parasitology
	Biophysics	Microbiology	Physiology
	Cell biology, cytology & histology	Microscopy	Virology
Biology	Agriculture & food science	Entomology	Marine and hydro-biology
	Botany	General biology	Miscellaneous biology
	Dairy & animal science	General zoology	Miscellaneous zoology
	Ecology		
Chemistry	Analytical chemistry	Inorganic & nuclear chemistry	Physical chemistry
	Applied chemistry	Organic chemistry	Polymers
	General chemistry		
Physics	Acoustics	Fluids & plasmas	Nuclear & particle physics
	Applied physics	General physics	Optics
	Chemical physics	Miscellaneous physics	Solid state physics
Earth and space sciences ...	Astronomy & astrophysics	Environmental science	Meteorology & atmospheric science
	Earth & planetary science	Geology	Oceanography & limnology
Engineering and technology	Aerospace technology	General engineering	Miscellaneous engineering & technology
	Chemical engineering	Industrial engineering	Nuclear technology
	Civil engineering	Materials science	Operations research & management
	Computers	Mechanical engineering	
	Electrical & electronics engineering	Metals & metallurgy	
Mathematics	Applied mathematics	Miscellaneous mathematics	Probability & statistics
	General mathematics		
Psychology	Behavioral & comparative psychology	Experimental psychology	Miscellaneous psychology
	Clinical psychology	General psychology	Psychoanalysis
	Developmental & child psychology	Human factors	Social psychology
Social sciences	Anthropology & archaeology	General social sciences	Political science & public administration
	Area studies	Geography & regional science	Science studies
	Criminology	International relations	Sociology
	Demography	Miscellaneous social sciences	
	Economics	Planning & urban studies	
Other partially covered fields: professional, health, and humanities	Communication	Miscellaneous professional fields	Social studies of medicine
	Education	Gerontology & aging	Speech/language pathology & audiology
	Information & library science	Health policy & services	History
	Law	Nursing	Linguistics & language
	Management & business	Public health	Philosophy
	Social work	Rehabilitation
